

The 2020 GEMBOREE has been cancelled as of 14th March 2020.

Recent Federal Government announcements relating to the Covid 19 pandemic and a recommendation to avoid gatherings of 500 or more people, made the final decision unavoidable.

Because the GEMBOREE Competition is divided into two parts – “Entries Judged Before the Show” and “Entries Judged at the Show”, a decision also had to be made about the status of the Competition.

The “Entries Judged Before the Show” have already been judged, given placings and will be awarded medallions and trophies. Photographs will be taken of the entries in each Section that were awarded a medallion, and then posted on the AFLACA website. Some or all of these photographs could also be displayed on the VGCA website and in the Pointer. All entries, medallions and trophies will be returned to the entrants either by hand or by post over the coming weeks.

The “Entries Judged at the Show” can no longer be part of the official competition. Because of the costs associated with returning the nominal entry fee of \$5, no entry fees will be returned unless specifically requested by the entrant.

Peter Krake
Competition Coordinator
